No Non-achievements / underperformance has been reported

Goal 2 - To ensure that SANCIDF make appropriate and timely inputs to

the IDF through the SA representatives on the various IDF Standing Committees

Achievements

Replies to 2 questionnaires were sent to IDF during this quarter and we also responded to 4 proposals for New Work Items

No Non-achievements / underperformance has been reported

Goal 3 - To make information produced by the IDF (such as standards, bulletins and newsletters) available to the levy payers and the general public

Achievements

Two Bulletins, 9 Press release/News briefs and one Fact Sheet were received during the quarter and all were forwarded to representatives of levy payers. All of these documents were aimed at persons in the dairy industry and none were therefore suitable for distribution to the general public

No Non-achievements / underperformance has been reported

Goal 4 - To provide Milk SA with the titles of standards, bulletins and news briefs as published by the IDF for publication on its website

Achievements

All Bulletins, Press Release/News briefs and Fact Sheets were sent by e-Mail to the CEO of Milk SA. The bulletins were also uploaded on to the Milk SA website by the Secretary

No Non-achievements / underperformance has been reported

Goal 5 - Forward Bulletins and Standards received to members of SANCIDF and the organized dairy industry

Achievements

Both Bulletins received were sent to representatives of SAMPRO, MPO and DAFF all of whom are members of SANCIDF and the also comprise the organized dairy industry

No Non-achievements / underperformance has been reported

Goal 6 - To ensure that the general issues are brought to the attention of the IDF

Achievements

The only general issue that occurred in this quarter, related to a viewpoint on the term soybean milk which was to be discussed at the May meeting of Codex. At the Feed and Food congress, Mr. Joerg Seiffert from IDF requested Mr. Nico Fouche that SANCIDF should request the SA representatives on the Codex Committee to support the IDF position statement on soybean milk namely, that it should be called soybean beverage. The Secretary was tasked to arrange a meeting between industry representatives and SA's Codex representatives. Unfortunately the numerous e mails to the Milk SA CEO to establish who the industry representatives are, did for some reason not reach him until 18 May 2013. The Codex Committee meeting in question took place from 14 - 17 May. On 3 June, Joerg Seiffert informed Mr. Fouche and the Secretary that the SA delegating to the Codex Meeting, did not support the IDF position above.

Non-achievements / underperformance

As outlined above

Reasons for non-achievements / underperformance

Communication problems

Planned remedies for non-achievements / underperformance

Subsequent to this turn of events, the SANCIDF Executive Committee decided that all Codex related matters should be referred to Mr Jompie Burger who will discuss such matters with DAFF and Dept of Health

Goal 8 - To give meaningful feedback of WDS to the local industry

Achievements

As the WDS 2013 only takes place in the last quarter, this goal does not apply to this quarter

No Non-achievements / underperformance has been reported

Goal 9 - Get reports from SA members on IDF Standing Committees, Work Groups and Action Teams

Achievements
