

Transformation: Secondary Industry Skills and Knowledge Development

(PRJ-0228-2019)

SAMPRO

Quarter 4 2019/2019 (October 2019 till December 2019)

Project goals

Goal 1 - Finalization of the 'Milk Reception Operator' curriculum and qualification for submission for final registration

Achievements

The curriculum has been submitted anew following dismantling from a 13-component parent qualification (thus as part-qualification) and re-capturing on the QCTO submission template. No feedback has yet been received, but is entered as discussion and feedback item on the agenda of the Dairy Chamber's 24 January 2020 meeting. Enquiries regarding the generic component of the curriculum have also been logged and are awaited.

No Non-achievements / underperformance has been reported

Goal 2 - Support by the project for the final submission and approval of the Dairy Laboratory Analyst curriculum (qualification – not learning resources), to all role-players, to finalize registration

Achievements

The curriculum has been submitted but experienced a delay for reason of errors on the Process Report submitted by the QDF (not under control of project). The errors were reportedly rectified and re-submitted. No feedback has been received as yet, but this issue is an agenda item on the Dairy Chamber meeting for 24 January 2020 meeting.

No Non-achievements / underperformance has been reported

Goal 3 - Development of learning resources for Laboratory Analyst: Comparative study of the curriculum requirements to determine the context and content of collective learning materials required

Achievements

Completed as also reported in Popular format report.

No Non-achievements / underperformance has been reported

**Goal 4 - Development of learning resources for Laboratory Analyst:
Development of standardized learning resources for the collective**

Achievements

Completed.

No Non-achievements / underperformance has been reported

**Goal 5 - Development of learning resources for Laboratory Analyst:
Development of internal assessment documents and tools for theory and
practical learning formative assessment**

Achievements

Completed

No Non-achievements / underperformance has been reported

**Goal 6 - Development of learning resources for Laboratory Analyst:
Development of external assessment documents and tools for theory and
practical learning formative assessment**

Achievements

Completed

No Non-achievements / underperformance has been reported

**Goal 7 - Conducting a pilot study to determine and ensure full utility of the
Laboratory Analyst curriculum**

Achievements

As results of QCTO not requiring this anymore and other time constraints on development work, this goal was decided as superfluous by the Advisory sub-committee and not conducted.

No Non-achievements / underperformance has been reported

Goal 8 - Specialized support in respect of skills development

Achievements

Some thirty-odd enquiries handled throughout the year. This is a non-measurable output as the number and magnitude of enquiries and requested support is not known beforehand.

No Non-achievements / underperformance has been reported
