

Regulations and Standards Project of Milk SA

(PRJ-0265-2020)

Dairy Standard Agency

Quarter 4 2020/2020 (October 2020 till December 2020)

Project goals

Goal 1 - Deliberation of industry regulations relating food safety, product composition, metrological and related standards as well as voluntary industry related standards e.g. animal welfare and related matters

Achievements

The project management of the Regulations and Standards Project of Milk SA regularly consulted with the organised dairy industry with specific reference to:
Extended Producer Responsibility (EPR) regulations under the National Environmental Management: Waste Act. Communication to continue in the first quarter of 2021;
The appointment of the DALRRD assignee and other applicable regulatory matters.
Confirmation of the High Court hearing dates was received as 25 and 26 January 2021. Regular interaction between the project management and the Milk SA legal team in this regard continued during the fourth quarter;
Establishment of electronic workgroup for the purpose of writing proposals aimed at amending the Regulations relating to Dairy and Imitation Dairy Products, R1510 of November 2019 that deals with the use of dairy terms and class designations of dairy and imitation dairy products (plant-based beverages);
Continuation of the revision process by experts with proposals to industry regarding amendment of R1555 of 1997, Regulations relating to milk and milk products;
Project establishment: The practical implementation of requirements of the implementation of the SA National Standard SANS 1694: The welfare of dairy cattle. Validation by using the DSA audit criteria: The welfare of dairy cattle, in collaboration with the Milk SA Research and Development Project;
Effective collaboration between the Regulations and Standards Project and other Milk SA projects via the Milk SA Coordinating Committee as well as International Dairy Federation (IDF) of which some Milk SA project managers serve on the standing committees of the IDF.
Reporting to industry regarding regulatory matters were done electronically via Milk SA. Support to individual members were conducted telephonically as well as via e-mail, where interpretation was necessary.
