

Membership of and Interaction with the International Dairy Federation by the SANCIDF 2023

(PRJ-0341-2023)

SA National Committee of IDF

Quarter 1 2023/2023 (January 2023 till March 2023)

Project goals

Goal 1 - To maintain membership of IDF by paying the membership fees of IDF and IMP before 31 March 2023 at the best possible exchange rates.

Achievements

The IDF membership fee for 2023 was fixed at Euro43 200 by the General Assembly of IDF at their meeting held on 11 September 2022 in Delhi, India. An invoice was made out to Milk SA by our bookkeeper the next day, 12 September 2022, for R752 544 at an exchange rate of R17.42=Euro1. Unfortunately, due to the depressed state of the milk flow, Milk SA was only able to settle this invoice in February 2023 when the exchange rate had escalated to R19.027=Euro1 and together with bank charges, the membership fees of R823 674 were paid to IDF on 8 February 2023. The exchange rate loss of R75 324 was paid out of SANCIDF funds

No Non-achievements / underperformance has been reported

Goal 2 - Review SA representatives on IDF bodies (SC'S, AT'S etc.) so that the best-qualified persons can represent SA on these bodies.

Achievements

The following changes were made to SA representatives on IDF bodies:

SC Marketing: Added Mr. Kraamwinkel

SC Farm Management: Added Mr. Bertus van Heerden

The Executive Committee also decided that Messrs. Burger and Roux consult with Dr. Meissner and the industry to find experts for the IDF Standing Committees which do not have representatives from South Africa.

No Non-achievements / underperformance has been reported

Goal 3 - Ensure appropriate and timely (before set deadlines) inputs by SANCIDF and SA representatives on IDF bodies to IDF.

Achievements

New Work Items (NWI)

IDF always proposes their New Work Items (NWI's) for the year to their members in the first quarter of each year. For 2023 they proposed thirteen NWI's of which SA supported 12 NWI's and nominated 8 local persons on the task forces that will handle the NWI's. IDF adopted the following 13 NWI's for 2023.:

NWI 23/01 – Practical applications of Sensors, Connectivity and Data technologies in the Dairy Sector

NWI 23/02 – Determination of the composition of fatty acids in the 2-position of the triglyceride molecules

NWI 23/03 – Revision of ISO 13366-1 | IDF 148-1 :2008 Milk- Enumeration of somatic cells-Part 1: Microscope Method (Reference Method)

NWI 23/04 – ExtraMIR – Better understanding of the use of Mid InfraRed (MIR) spectra in the dairy sector

NWI 23/05 – Development of a procedure to verify against the IDF global Carbon Footprint standard for the dairy sector

NWI 23/06 – Revision and merge of IDF/ISO standards for determination of titratable acidity

NWI 23/07 – Determination of added fluoride in infant formula – and milk and milk products

NWI 23/08 – Guidelines for milk microbiological quality management & troubleshooting

NWI 23/09 – Determination of phospholipids in infant formula – and milk and milk products

NWI 23/10 – Specific quantification and viability assessment of multiple microbial species using flow cytometry

NWI 23/11 – IDF guidance and input to Codex - Clarification of GSFA Notes

NWI 23/12 – Dairy's role in healthy diets – the dairy matrix health effect

NWI 23/13 – Task Force on Processing

Questionnaires

IDF sent out 4 questionnaires during this quarter of which 2 were merely whether standards could be published. Timeous replies were returned on the other 2. The questionnaires were:

Questionnaire 0123/SCAMC: Dried milk and dried milk products — Determination of moisture content (Reference method) - ISO/DIS 5537| IDF 26 (Approval for publication)

Questionnaire 0223/SCAMPAI: Milk and milk products — Determination of alkaline phosphatase activity — Part 1: Fluorimetric method for milk and milk-based drinks - ISO/DIS 11816-1| IDF 155-1 (Answered by SA)

Questionnaire 0323/SCAMPAI: Milk and milk products — Determination of alkaline phosphatase activity — Part 2: Fluorimetric method for cheese - ISO/DIS 11816-2| IDF 155-2 (Answered by SA)

Questionnaire 0423/SCAMC: Milk and milk products — Determination of lactose content by high-performance liquid chromatography (Reference method) - ISO/DIS 22662 | IDF 198 (Approval for publication)

No Non-achievements / underperformance has been reported

Goal 4 - Promote the annual World Dairy Summit amongst dairy industry role-players by forwarding all promotional material to MPO/Sampro /DALRRD representatives and South African SC members as well as articles about the WDS in industry publications.

Achievements

IDF sent the following Newsbrief and Press release about WDS 2023 out this quarter:

NB: IDF for information: IDF World Dairy Summit 2023 is now open for registration

PR: IDF World Dairy Summit returns to the United States, registration open

Both these publications were circulated to industry representatives as well as to Standing Committee members and a representative of the SA Society of Dairy Technology.

No Non-achievements / underperformance has been reported

Goal 5 - To enable a delegation of three SANCIDF officials to take part in the Global Dairy Conference 2022.

Achievements

Provision was made in the budget of 3 SANCIDF officials to take part in the World Dairy Summit. Since the budget was prepared in September 2022, the Executive Committee decided that it should be revised as soon as possible and be based on the latest information. Otherwise, this goal is not applicable to this quarter

No Non-achievements / underperformance has been reported

Goal 6 - Delegates to the WDS to give meaningful feed-back to the local dairy industry within one month after their return in a format prescribed in a contractual agreement with SANCIDF.

Achievements

Will only apply to quarter 4

No Non-achievements / underperformance has been reported

Goal 7 - Compile and distribute to levy payers a collection of all delegates' reports in electronic format.

Achievements

Will only apply to quarter 4

No Non-achievements / underperformance has been reported

Goal 8 - Obtain annual reports from South African representatives on IDF bodies (Standing Committees, Action Teams, etc.)

Achievements

Nine reports, covering all but Farm Management, were submitted at the Annual General Meeting. All 9 are attached to this report.

No Non-achievements / underperformance has been reported

Goal 9 - Make information about documents produced by the IDF (Bulletins, Standards and Newsletters) available to levy payers and the general public by publishing the titles on the Milk SA website and in The dairy Mail and Milk Essay.

Achievements

One Standard, 2 Bulletins, one Fact sheet, 6 Press releases and 14 News Items were received from IDF during this quarter namely:

Standard:

ISO/TS 17996 | IDF/RM 205: 2023 - Cheese — Determination of rheological properties by uniaxial compression at constant displacement rate

Bulletins

522/ 2023: Global Marketing Trends Report

522/ 2023: Global Marketing Trends Report 522/ 2023: Global Marketing Trends Report

Fact Sheet

Factsheet 25/ 2023: Dairy in the nutritional empowerment of women
